

FHC Programme of Projects for Schools.

<h2 style="color: red;">Woodwork Projects</h2>	<p style="color: red;">Time needed</p>	<p style="color: red;">Cost per participant Min 10</p>
<p><u>Mirror / picture frame</u> Using a range of machines and hand tools, participants will be able to create their own mirror or picture frame. Those who complete the project with enough time to spare will have the opportunity to add some embellishment using pyrography.</p> <p>This project covers mitre jointing, routing rebates and sanding to a finished quality and potentially pyrography.</p>	 <p>5 hrs (3hrs work, 1hr break, then 1 hr work)</p> <p>Break time is perfect for a tour and damper making.</p>	<p>\$32.00</p>
<p><u>Chopping / Cheese board with embellishment</u> This project focuses on embellishment and decoration of timber. Participants will be able to cut their board to a shape of their choice and then, after sanding and undergoing a design process, transfer their design to the board using pyrography, dremelling, and paint.</p>	 <p>2hrs</p>	<p>\$19.00</p>
<p><u>Tool Caddy</u> Using a range of machines and hand tools, participants will build a sturdy tool caddy out of solid timber. This project requires a number of measuring, cutting, drilling and joining techniques to complete. If completed in enough time the kids can add pyrography embellishment.</p> <p>For another 1hr and \$5 per participant, internal divisions can be added to the caddy.</p> <p>During this project, participants will learn safe use of the band saw, drill press, nail gun, linisher, and sanding to a finished quality.</p>	 <p>4hrs</p> <p>5hr</p>	<p>\$42.00</p> <p>\$47.00</p>
<p><u>Book Mark</u> This easy project is great for all ages. It gives participants a small taste of woodwork and helps to develop their design skills.</p> <p>Participants will be taught safe use of the drill press and pyrography tools as well as sanding to a finished quality.</p>	 <p>1hr</p>	<p>\$7.00</p>
<p><u>Carved Spoon</u> This spoon can be carved into a range of shapes. It is a great project which gives the participants the freedom to create, as well as learn about the materials and processes.</p>	 <p>4hrs</p>	<p>\$32.00</p>

During the making of the project, participants will be taught the safe use of the drill press, bandsaw, linisher, and carving tools, as well as sanding techniques.

Arts Courses

Pen and ink drawing

This programme can be tailored to suit any age group. After doing some work on drawing techniques, the participants will then use the natural Jarrah bush surrounds to inspire their final art work.

This workshop is perfect for those groups with limited time, but participants will be proud of they finished pieces.

2hrs

\$15.00

Print making (on paper)

This project uses scratch foam to complete their print making workshop. After completing the design process, participants will transfer the image onto scratch foam before printing it onto paper using printing ink.

2hrs

\$15.00

Ephemeral (bush) sculpture

Ephemeral Art is art that is transitory, existing only briefly. During this workshop, participants will collect and use nature materials found in the surrounding bush to create artworks that will, over time, disintegrate back into the environment from which they came. Everyone will be able to choose from a number of places around the FDC building and walk trails to create their artwork. As well as using found bush materials, they may also use fully biodegradable materials like natural fibre strings, sand, charcoal etc. As well as developing kids art and design processes this workshop will also help them to develop a great appreciation for the natural environment.

3hrs

\$17.00

Lino Printed t-shirt / t-towel

Participants will be lead through a number of drawing exercises to help them develop their design. Once they have decided on an image to be transferred onto their shirt / t-towel they will go through the process of preparing the lino for the printing process.

4hrs

\$37.00

<p>Price includes one t-shirt or t-towel and a single colour print. Participants can bring along more cotton t-shirts or t-towels of their own. For a two colour print the cost will be an extra \$5 and take one more hour.</p>		
<p><u>Plaster carving</u> This projects begins with everyone mixing and setting their own plaster block. Whist the plaster is setting, participants will do some research and drawing to develop an object or image that they wish to carve. Once the plaster is set it will transfer their image to the block and begin carving.</p>	<p>3hrs 20mins (20mins work, 1hrs break, 2hrs work) Break time is perfect for a tour and damper making.</p>	<p>\$15.00</p>
<p><u>Painting (acrylic)</u></p>  <p>Using a wide variety of techniques to apply the paint, participants will be given the opportunity to develop an artwork that has been inspired by the local bush surrounding. Everyone will spend some time walking through the bush to gain inspiration. After experimenting with a number of painting techniques to learn about the medium of acrylic paint, they will begin their final project. Kids may wish to incorporate some materials and objects from the bush into their final artwork.</p>	<p>4hrs</p>	<p>\$32.00</p>
<p><u>Junk puppets</u> Using a range of recycled materials, participants will be able to create a character of their choice. From animals to robots, this project is only limited by their imagination. Everyone will enjoy bringing their character to life while learning a range of 3D art and design skills. On completion, kids enjoy being able to make their puppet interact with those made by their peers, which enables them to develop their story telling skills and imaginative play.</p>  <p>It may be possible to organise spare parts puppet theatre to run this workshop depending on the day. However this will require a minimum of 15 students and cost an extra \$10 per person.</p>	<p>2hrs</p>	<p>\$35.00 (if run by FHC staff) \$45.00 (if run by Spare Parts Puppet Theatre)</p>
<p><u>Basket weaving</u> Using a range of natural materials found in local gardens and the surrounding bush, students will have the opportunity to weave a beautiful and functional basket.</p> 	<p>2 – 4hrs</p>	<p>\$35.00</p>

<p>This project can be tailored to fit a range of age groups. Younger kids will use a simple basket making frame to weave their materials around. Older participants will begin their basket from scratch and have the freedom to decide on the size and design.</p> <p>This project enables everyone to develop an understanding of the uses of natural materials and fibres while allowing them to improve their 3D art and design skills.</p>		
<p><u>Make your own insect</u></p>  <p>Participants will spend some time looking at the insects that exist in the natural environment around the FHC. They will discuss their special adaptations and how these enable the insect to survive. They will then come up with a list of criteria for survival for their insect and create their own insect based on these.</p> <p>This project is great for kids ages K-6</p>	2hrs	\$21.00
<h2 style="color: red;">Forest Heritage Centre Tours</h2>		
<p><u>FHC standard tour</u></p> <p>This tour covers a broad range of topics including the history of the FHC, Dwellingup's timber industry, Dwellingup heritage, native flora and fauna, and some aspects of local aboriginal culture.</p>		45mins \$10
<p><u>Mill Tour</u></p> <p>This tour allows groups to have access to an operational mill. Mill staff will take the group on a guided tour through the facility, during working hours, and show the group how timber goes from a log to boards and other wood products. They also address the environmental aspects of the timber industry and what they are doing to minimise the impact.</p>		45mins \$10 (30 Max)
<p><u>Billy tea and damper cooking</u></p> <p>Enjoy the experience of preparing and cooking damper and billy tea over an open camp</p>		2hr \$6.60

<p>fire. This activity is only available when there are no fire bans in place. This works well in conjunction with another programme as the damper can cook while the kids are busy with another workshop or tour.</p>		
<p><u>Indigeneous Cultural Tour</u> Spend 2 hrs being emersed in local Binjarreb Culture including a welcome to country, smoking ceromony, bush walk, fire making and glue making demonstration, yarning session around a fire pit while having Billy Tea, Damper and Kangeroo.</p>	2hr	\$42
